

Dear Peace of Fifth Team,

Thank you for your commitment to sharing our regenerative cacao nibs with your community. Your support significantly contributes to our mission of regenerating the Amazon rainforest and fostering a more sustainable future.

We would like to draw your attention to the Venue Partners section on our website (<https://agroverse.shop/partners/>), where we feature esteemed collaborators like yourself. This platform allows us to direct community members to local cacao circle gatherings, share updates from the farmers we support, and promote the transformative power of regenerative cacao.

As you also host meditation in chocolate sessions, we believe Peace of Fifth would make an excellent addition to our Venue Partners list. By joining us, we can collectively amplify our impact and offer more opportunities for people to experience these transformative gatherings.

Thank you again for your partnership, and we look forward to the possibility of strengthening our collaboration in the future.

Namaste 🙏🌿
