Summary

What happened and what do I need to do now?

We couldn't confirm the tax ID [TrueSight Inc](#) provided on September 14, 2025. Review and update this information to continue using Stripe.

Why does Stripe need this?

Stripe collects, verifies, and maintains identity information for individuals associated with a Stripe account. This information helps ensure your business is operating legally and helps us meet requirements from our regulators and financial partners. These requirements are intended to promote transparency and prevent abuse of the financial system.
