

Agroverse Ceremonial Cacao: Medicine of the Heart

Experience the sacred cacao, a medicine of the heart that opens your spirit to connection, clarity, and inner peace during our cacao circle. Sourced from farmers in the Brazilian Amazon who are actively restoring the rainforest through agroforestry, this cacao supports the regeneration of lands once degraded by soybean cultivation and cattle ranching.

As part of TrueSight DAO's mission to build a better world based on compassion, we gift this cacao to share its healing energy in the cacao circle. We're open to receiving donations to continue this journey—contribute if you feel called to support the circle and the Amazon's renewal. For cash donations, please drop them in the Tibetan singing bowl. For digital transfers, please scan either of the QR codes below.
