Good morning Hugh,

I wanted to inform you that we dropped off the sample at your office yesterday.

Looking forward to your feedback in terms of

- How differentiated our cacao nibs are from what you already have on stock in your store
- Concerns you might have in terms of stocking our cacao nibs in your store on a consignment basis

If you love the product, happy to discuss next steps regarding stocking our cacao nibs in your store on a consignment basis.

Will do a follow up with you next Wednesday.

Once again thank you for your time and attention 🙏🙏
