

Regenerative Amazonian Cacao Nibs: Empowering Farmers & Restoring the Rainforest

R\$80/- per bag

Taste the Difference: Sample a Shot of Amazonian Cacao, a Great Coffee Replacement - *Donations Welcome via PIX*

*Our cacao nibs are sourced from Amazon farmers who use agroforestry to restore the rainforest. Your purchase supports a sustainable, fair supply chain with a **fair price encouraging regenerative farming**.*

Raw cacao's benefits are lost in chocolate making. Farmers receive only 6.6% of the price, leading to deforestation from soybean and cattle ranching. Agroverse pays 34% per bag, promoting regenerative farming. Enjoy our cacao, contributing to health and the environment.
