Good afternoon Heather,

This is Gary. We spoke the other day

Thank you once again for supporting our community efforts to restore our Amazon rainforest. As suggested by you during our conversation, we have set up a storefront on Faire.com to help streamline the stocking and processing

This is the link to our store front.

By the way, this is an instagram reel of one farm in the Amazonian rainforest from which the cacao nibs you are right now stocked with.

Warm regards 🙏🙏

Gary
