Good afternoon Fatima,

As discussed over the phone yesterday, please have Santos revert with an official quotation for converting cacao beans we will bring over to his facility from our warehouse. These are the specifications

- total amount of cacao beans to be processed: 135 kilograms
- please indicate date which we can have the beans dropped off
- we will provide plastic bags which you will pack 5KG of cacao nibs into each bag
- the cacao husk will be returned to us along with the cacao nibs after processing is completed
- Please provide us with information on how long it will take to process the beans into nibs

Matheus will be the person in charge of handling the logistics of transporting the cacao beans over to Santos facility and transporting the cacao nibs and husk back to our warehousing facility in Ilheus

warm regards  
Gary
