Good morning Graziela

could you help me check the cost of shipping a pallet of around 1 meter by 1.2 meter from Ilheus to San Francisco

- ocean freight prices
- Air freighting prices

We are looking at building a pallet right now considering the following weigh options

- 200 kilograms
- 500 kilograms
- 750 kilograms

Mainly

- cacao beans (1801.00.00)
- cacao nibs (1801.00.00)
- cacao liquor (1801.00.00)

Also is the the season where shipping cost is the highest. Will it drop after Christmas?

Warm regards  
Gary

Hi Gary,

Thank you for your request.

I am working on this and will get back to you as soon as I have rates.

**Best Regards,**

Hi Gary,

I have spoken to my team in Brazil, and they explained that ocean freight would be significantly expensive, due to the infrastructure and distance to the closest port.

They have recommended that we ship via air freight.

Maximum dimensions per pallet would be 300 x 200 x 160 cm and 4,000 kgs

We are still working on the local charges and delivery to SSA airport.

Below are the air freight charges airport to airport:

Air Freight 200 kgs: USD 3.50/kg + local charges

Air freight 300 kgs: USD 3.40/kgs + local charges

Air Freight 500 kgs: USD 3.30/kg + local charges

Air Freight 750 kgs: USD 3.30/kg + local charges

Air Freight 1000 kgs: USD 3.20/kg + local charges

Export documentation: USD 95.00 per shipment

Export customs clearance: for the account of the shipper

Please see below our local charges here in the US:

**Airline Terminal Fee:** USD 200.00 – USD 225.00 depending on airline

**Import Handling Fee:** USD 125.00 per shipment

**Delivery to the door:** available upon request – please reconfirm address

Customs clearance charges:

US Customs Clearance*:	\$150.00
Invoice Line Items:	1st 3 line-items are free, \$5.00 per line thereafter
FDA Processing, <b>if applicable</b> :	\$100.00
Bond, if applicable**:	\$6.00 / \$1,000 of value plus duty / \$100.00 min.
Duties:	At Cost
MPF:	0.3464% - \$33.58 minimum // \$651.50 maximum

**ALL SHIPMENTS ENTERING THE COMMERCE OF THE U.S. ARE SUBJECT TO U.S. CUSTOMS INSPECTION AND EXAMS.**

**EXAMS OCCUR AT THE DISCRETION OF U.S. CUSTOMS AND ARE NOT, SHOULD THEY DEEM NECESSARY, NEGOTIABLE.**

**ALL EXAM CHARGES WILL BE BILLED AT COST WITH AN ADDITIONAL HANDLING CHARGE OF \$125.00 PER EXAM.**

\*\*A Surety Bond is required for all customs entries. If the importer does not have a continuous bond on file with US Customs as single-entry bond must accompany the entry. Above bond rates are for standard cargo only. If the shipment requires clearance through another governmental agency such as FDA, EPA, USDA, etc. The bond rate is \$6.00/\$1,000 of duty plus 3 times the value with a \$100.00 minimum.

Thank you,

Hi Gary,

Please see below our inland and local charges:

**Inland:** USD 695.00 + 0.15% ad valoren (based on cargo value)

**Airport charges in Brazil:** USD 0.30/kg – minimum USD 250.00

The price for inland would be the same throughout all the weight brackets.

It is for a dedicated truck that services that area.

Unfortunately, my contact in Brazil was not able to provide consolidated trucking charges.

If the shipper can deliver to the airport, they might have other contacts to save \$\$.

Thank you,
