Good morning Neil,

I am still awaiting SeaCoast logistics to provide us with the quotation for door to door freight of the agreed upon amount of cacao paste

Meanwhile this is the lab report for the shipment

https://raw.githubusercontent.com/TrueSightDAO/notarizations/main/20250714215834_gary_teh_oscar_lab_report.pdf

This is the English translation

The lab report was issued by the cacao innovation center in Ilheus Brazil

<https://agroverse.shop/partners/cic-cacao-innovation-center/index.html>

Once the quotation for the freighting is available I will send over the document for the purchase agreement

Meanwhile could you help provide the destination address where you would like the cacao paste to be delivered to if it is different than the location of the cafe 🙏🙏

Warm regards
